MEMORANDUM FOR THE RECORD

SUBJECT : Telephone Inquiry from White House Personnel Office

Mrs. Cozart, White House Personnel Office, called this Office to inquire regarding the federal reemployment options of a retiree under the CIA Retirement and Disability System. She asked the following questions:

1. If a CIARDS retiree is hired for other federal employment can this time be used for additional credit for annuity recomputation under CIARDS? ANSWER: No
2. Could such a retiree be hired and acquire Civil Service credit for this additional period? ANSWER: Not according to the interpretation we have received from the CSC.
3. Would the salary of a CIARDS retiree have to be offset if hired for other federal employment? ANSWER: Yes
4. Are there provisions under CIARDS for the reemployment by this Agency of a CIARDS retiree? ANSWER: Yes, the Director may recall a CIARDS retiree.
5. What effect does this action have on the retirees annuity? ANSWER: The annuity is suspended and the recalled annuitant receives full salary of the grade in which he is serving - the annuity is then recomputed upon subsequent separation.
6. Does the recall retiree have to work a minimum period of time prior to recomputation? ANSWER: No
7. May a recalled retiree, at the time of subsequent retirement, have the right of a new election regarding survivorship benefits? ANSWER: Yes
8. May a retiree under CIARDS be recalled and detailed to other federal employment? If so, may the individual be hired on a part time or consultant basis?

In answer to this last question, I informed Mrs. Cozart that I would have to check on these points and let her know. Before I was able to pose these questions to the proper authority, Mrs. Cozart called and left a message that an answer was not necessary and thanked me for my assistance.
